

# ProviderOne MCO Enrollment Notification and Premium Generation

**834 - UPDATE** reflects adds, updates and terminations occurring since the last premium generation or 834 UPDATE  
(these weekly files (usually Monday) are not accumulative).

**834 - AUDIT** reflects all enrollees for the payment period that will generate a prospective premium at that point in time.

(Available the morning of the 4th business (cutoff) day prior to the end of the month.)

**834 - UPDATE** last working day of month will reflect changes occurring since the 834 AUDIT file. This will include terminations as well as additions for the next month.

(Terminations are those that occur subsequent to cutoff and additions will be assignments for those with a short break in eligibility, voluntary enrollment and assignments for the prospective enrollment period.)
